## APCO

# SPECIFICATION GUIDE

## Series 1000
### Arcadia Vertical

Arcadia Series 1000 features an extruded aluminium base, designed to hold a variety of modular insert components, including laser printed paper, injected moulded mesage strips, braille and tactile plaques and more.
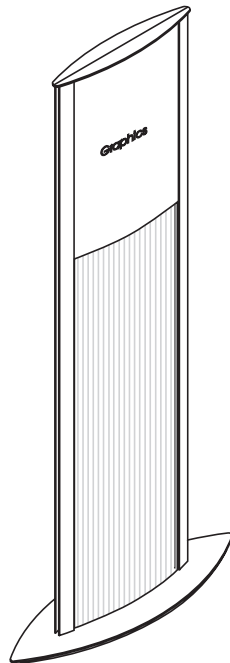

## Series 2000
### Arcadia Horizontal

Utilizing the same simple components as Series 1000, Arcadia's Series 2000 features an entirely different look. With Contour edge profiles at top and bottom, Series 2000 offers a new range of creative solutions.
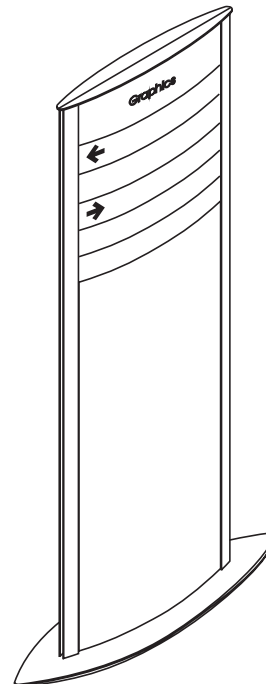

## Series 3000
### Arcadia Free Standing

Free standing signs allow for placement in open areas, as well as easy relocation of temporary signs, and Arcadia's Series 3000 offers one of the most well designed yet simple and easy solutions available.
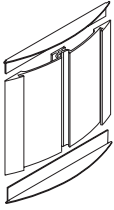

**ARFS-430**
430mm Width

**ARFS-560**
560mm Width

## Holders

### ARH100
100mm Width

**ARH100 Holder Specifications**          **Finishes - Silver Anodised**

Overall Width:          128.6mm
Visual Width:           95.25mm
