Sign Systems

SignMatch - The Original Moulded Modular Sign System

The original modular sign system, SignMatch is a system of injection moulded holders and interchangeable sign inserts that always match and fit. With over 95 components and unlimited imprint and graphic options, the system is extremely easy to order, install and maintain.

Features and Benefits:

- Durable automotive grade plastic - resistant to fading and chipping
- Clear lens cover available for paper inserts
- Radius or square corner options
- Holders and inserts in eight standard colours
- DDA Compliant

Applications:

- Room Identification
- Personnel Signs
- Plans / Maps

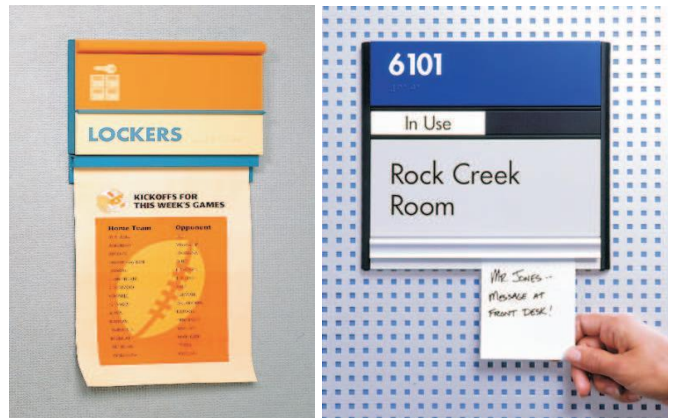

Notifier - Message Holder

The Notifier is the simplest way to display notes, notices, messages, charts and posters. Made of solid extruded aluminium and machined rollers, the Notifier functions flawlessly. It adjusts automatically to grip paper or card.

Notifier may be used alone or in conjunction with another one of APCO's interior sign systems.

Features and Benefits:

- Simple, one hand insertion and removal
- Low profile design is sleek & clean
- Metal rollers ensure a positive grip

Visulex 40 - Non-Illuminated Directory & Bulletin Boards

The award winning Visulex design is the basis for this low profile aluminium cabinet, which houses either a textured fabric bulletin board or an Accord directory.

A lift-out, shatterproof acrylic cover and soft radius shape give the Visulex 40 a refreshing clean look, unlike the traditional framed door look.

Applications:

- Employee information station
- Bulletin boards
- Announcements
